1779 1536

Index to Volumes XVI and XVII

1906

The Journal of Electricity, Power and Gas

Published by the Technical Publishing Company

San Francisco, California

Index to Volume XVII

Illustrated articles are designated by an asterix (*), editorials by a dagger (†) and industrials by a double dagger (††)

Page

A

††Allis-Chalmers Turbo Generators for National Cash Register Co. 22
Alcohol Engines as a Substitute for Gasoline. No. 2 v
Another Phoenix from the Flames..... 58
Allis-Chalmers Bonds to Issue..... 70-102-354-394
An Open Letter to the Members of the Pacific Coast Gas Association..... 96
A Well Deserved Tribute 100
*Automatic Feed Regulators.....103
Asbestos Packings 106
An Ingenious Fraud 112
††Allen's Soldering Outfit.....125
An Exposition of Safety Devices.....154
Apprentice Courses in the Large Manufacturing Co.'s Factories.....162
††Allen, L. B. Co.....203
Accidents Caused by Electricity in Switzerland 275
Annual Report of the Alameda Municipal Electric Light Plant 321
*Advance in Steam Engine Design, An..328
Acetylene vs. Coal Gas or Electricity..348
Alaska-Yukon-Pacific Exhibition, The.364
*An Improved Form of Inlet and Outlet Service 356
Alternating Current Networks 537
Audible System of Train Signaling in England 391
After-Burning in the Gas Engine.....401
An Amusing Comment.....404
Address to Engineers, An.....405
Automobile Test 407
Aspects of Technical Journalism.....426
*Association of American Portland Cement Manufacturers 427
*Auto Car with Electric Generator and Search Light, The.....445
Advancing Market in Electrical Apparatus and Supplies 455
Application of the Principal Types of Polyphase Induction Motors, by W. Edgar Reed 466
An Extra Knot and a Half 467
Abandoning the Old Types of Motors..470
Advent of Single-Phase Electric Traction, The 485
Ammonia in Storage Batteries 487
Allis-Chalmers Co., A Few Recent Sales of 491
*††Attachment Plug, A New.....511
Adapting Machinery to the Capacity of Pack Animals 520
Arc, The 521
††Another Advantage of Electrical Machinery 531

B

Book Review.....10-21-35 55-140-156-233-268-299-321-371-428-489-507
*Brooklyn Rapid Transit Co., 5,500-Kilowatt Turbine of the 56
*Balanced Main Valves for Steam Engines 76
*Building in Form of an Arch.....103
Bulletin of Progress Published by the California Promotion Committee....135
††Byllesby, H. M. & Co., Inc.....143
††Brown-Spear-Sloane & Co.....163
Belt Versus Rope Transmission.....268
*Behrend Method for Testing Large Alternating Current Machines 407
*††Benjamin Electric Manufacturing Co. 9
*Briston Recording "Earthquake" Meter 10

C

California Promotion Committee Building 5
Carnegie's Telephone System, Mr..... 11
California and Its Growth..... 19
††Century Klein Electric Co.....22-37
*†Construction and Operation of Gold Dredging Machinery, The, by Prof. C. L. Cory..... 25
††Crocker-Wheeler Co. of Ampere, N. J. 37-79-124
†Construction of the Tunnels for Transportation Service, The 54
*Cable Sleeve, A New..... 78

Page

†Construction of Hydro-Electric Plants, The 75
Coal Analysis, by Chas. Cochran.....195
Copper and Lead.....204
Color of Light in Its Relation to Illumination, The 255
†Consulting Engineer and the Investor, The 267
†Curious Objection to Overhead Wires, A 267
Consumption of Gas in Various Cities.299
Construction News from the North..311
Carbonic Oxide Poisoning.....347
Crude Oil 347
Corporation and the Republic, The, by Edward P. Hulse.....367
Carbon Arc Lamp, The Flaming, by L. B. Marks 382
Current Collectors for High Speed Roads 425
Copper Market, The.....434
California Journal of Technology.....449
Consolidating Public Power Plants...194
Coming Convention of the California Miners' Association, The.....429
Comparative Cost of Maintaining Locomotives and Electric Equipment...446
Concrete Telephone Poles.....501
Common Wastes 505
Coal Troubles in France.....524
Copper Castings 527
*††Cook Self-Welding Wire Joint, The...529

D

††Doble, The Abner Co., July 14th..... v
Discussion 82
Discipline in the Switchboard Room..122
††Dietzgen Co., Eugene.....143
††Dean Electric Co.'s Kansas City Offices 234
*Dedication of the New Engineering Building at the University of Pennsylvania 322
Discovery and Invention, by Edward Goodrich Acheson 365
Denatured Alcohol 381
Diffusers for Arc Lamps.....450
†Development of the Steam Turbine, The 114
††Diesel Engines for Interurban R. R. Service, by Norman McCarty.....509
††Disposal of Coke.....530
Duration of Flashes of Lightning.....541

E

Economical Methods in the Manufacture of Steel 23
Electrical Trains on the New York, New Haven & Hartford, July 14th... v
*Electrical Apparatus at the Karawanken Tunnel, by E. Ommelange..... 45
Electrical Railway Engineering..... 51
Eight Thousand Miles of Cable, San Francisco to the Philippines..... 53
Electrical Generating Equipment for Indiana Steel Co., Gary, Ind..... 57
Electrical Supply in the New Psychological Laboratory at the Leland Stanford University, by Lillien J. Martin 70
Electric Signaling on English Railroads, by Verax in "Electrical Engineer" 72
*Electrical Cutting of Steel I-Beams and Girders, by R. E. Frickey..... 87
*Electric Power in Coal Mines..... 88
†Electric Arc as a Cutting Tool for Steel and Iron, The..... 94
Electricity and Mosquitoes 95
*Electrically Operated Refrigerating Plant in the Gallatin Hotel, Uniontown, Pa.....101
Electric Line from Chicago to New York 114
Electric and Steam Locomotives, Large 115
Electrification of a Steam Railroad....123
Electrolysis of Underground Pipes, by Putnam A. Bates.....137
*Electric Lighting of the New York Terminal of the New York, Pennsylvania and Long Island Railroad Co....141

Page

Electrically Driven Machine Tools and Their Advantages for Use in Engineering Workshops, by G. Ralph..150
Economic and Financial Phases of Interurban Railways, by Guy M. Walker 158
Electric Drive for Saw Mill.....165
Electricity vs. Compressed Air for Mine Operations 174
Electricity in the Rolling Mill.....194
Engineer as a Witness Before the Courts, The 198
*Electrical Power Installation for the Simplon Tunnel, The 253
Economy of the Gas Engine as Against Other Power 262
Electric Current as a Water Purifier..266
Electric Smelting in Canada.....268
Electrical Contractors' Association....297
*Electrical Jobbers' Game at Niagara..303
Electric Currents Through Gas and Water Pipes 315
Electrolytic Corrosion of Structural Steel 316
Electrically Driven Air Compressors..319
Electric Equipment for the Hudson Co.'s Tunnel 330
Electric Motor in Cloth Printing Establishments 331
Electrically Operated Hatches.....352
*Electric Furnace in the Production of Iron and Steel 359
Electricity by Windmills 364
*English Electric Pumping Station, An..380
Electric Furnaces 388
Electrical Conditions in San Francisco.389
††Eureka Drafting Rooms.....394
*Electric Gold Dredge No. 3, Conrey Placer Mining Co.....535
Electrical Frauds 539
Electrical Cooking, The Economies of.546
Electric Railway Laboratory at Purdue 398
†Electricity and Transportation.....408
Electric Power to Rid London of Smoke 429
Electric vs. Air Drills 433
Electrical Development Committee.....435
Electricity as a Power in Mining in Mexico 454
Electricity in the Manufacture of Steel.471
††Electrical Exports for August.....473
††Electrically Operated Railway in Switzerland, An 491
Effect of Voltage and Frequency Variations on Induction Motor Performance 498
Electricity in Turkey 502
††Electrical Equipment for Iron Mines..511
Engineering Periodicals and the Card Index 517
*††Essential Element in Electric Traction Service 528
††Extensible Telephone Bracket, An....531

F

First Turbine Engines 58
*French and Swiss Turbines in Modern Water Power Electric Plants.....147
Frequency and Electric Lighting.....193
†Franchises, The Question of.....196
FOURTEENTH ANNUAL CONVENTION OF THE PACIFIC COAST GAS ASSOCIATION 208
Story of the Restoration of the Gas Supply in San Francisco after the Fire 208, 256, 276
How Electricity was Served to Consumers and Street Car Lines by the San Francisco Gas & Electric Company after the Fire, by L. E. Reynolds 211
Personal Experience with a Municipal Gas Plant, by C. E. Moore....212
Experience with High Pressure Gas Mains, by Sherwood Grover 214
The Equity of Sliding Scale Gas Rates, by F. A. Leach, Jr 215
The Art of Canvassing, by Jno. Clements 216
*Some Economics in High Pressure Gas Transmission, by Edward A. Rix 219

Page

Should Gas Companies Engage in the Sale of Gas Appliances, by W. B. Cline 221
Best Methods of Promoting Gas Sales, by S. P. Hamilton.....222
The American Gas Institute, by F. H. Shelton 224
Novelty Department, by G. H. Hallidge 226
Wrinkles 228
Experience Department, by R. P. Valentine 229
Reconstruction of San Francisco Telephone System 231
President's Address 256
*Large Gas Engines for Power Purposes 256
Minutes of the Fourteenth Annual Meeting 276
Report of Secretary and Treasurer.276
Report of the Librarian of the Pacific Coast Gas Association.....278
Resolution 279
Miscellaneous Business 279
In Memoriam 279
Report of Committee on Adderss of the President 293
Report of Committee on Address of Medal to the Writer of the Best paper 293
Pacific Coast Gas Association, Jno. A. Britton, Geo. P. Low 97-197
*Flame Arc Lamp 240
Feather River Power Transmission..343
Fuel Item and Real Economy, The...346
Flaming Arc Lamp, The.....364
Five-Cent Lighting Rate Declared to be Too Low.....364
Flaming Carbon Arc Lamp, The, by L. B. Marks 382
Fitting Bearings to Armature Shafts..387
Fireproof Dynamo, The 409
Forty Thousand Horsepower Hydraulic Turbines for Duluth 143
Frequency and Electric Lighting.....193
Fires Not Caused by Electricity in Germany 266
†Fire Losses in the United States.....350
Farmers' Bulletin No. 263, Practical Information for Beginners in Irrigation 501
Fuel Consumption of Steam and Electric Railroads 525
